Findings from the MCAH Action Home Visiting Priority Workgroup Survey "Home Visiting for Pregnant Women, Newborn Infants, and/or High-Risk Families" ^[1]

The Home Visiting Priority Workgroup of California's MCAH Action (the statewide organization of Maternal, Child and Adolescent Health Directors for the 61 local public health jurisdictions in California), with the assistance of the Family Health Outcomes Project (FHOP), developed and disseminated a self-administered questionnaire to the 61 local MCAH directors/coordinators to collect data on local health department home visiting programs that serve pregnant women, newborn infants and/or high risk families.
