

MCAH Needs Assessment Workgroup

Thursday, December 12, 2013, 10:30 am - 12:00 noon

City View Room, Public Health, 625 5th Street, Santa Rosa

Agenda

1. Introductions
2. Recap first meeting; review materials sent:
 - Community Status Report Detail
 - Teen Births 2000-2012 (#)
 - 2010-2014 Sonoma County Needs Assessment documents: Executive Summary; survey monkey reports, local problems analysis and prioritization list
 - Sonoma County MCAH Annual report FY 2012-13
 - FY 2013-2014 Scope of Work (CDPH)
3. Areas that we want to study more closely:
 - Poverty rates, looking at the trend broken down by age groups (0-5 yrs in particular) and geographic areas in the county
 - Obesity trends for all MCAH populations
 - Tobacco and substance use across all MCAH populations
 - Dental decay in children 0-3 years – Smile Survey pending spring 2014 (last 2009)
 - Immunizations rates – since this was identified in 2008-09 as an area of concern but not included with the State's indicators
 - Entry to prenatal care broken down by income, ethnicity, age and nativity (foreign vs. native born); also look at possible relationship to women who are uninsured or underinsured before pregnancy
 - Other race/ethnic disparities that staff identify looking at the detailed FHOP reports
4. Discussion
5. Identify Stakeholders
 - What groups and individuals need to be included?
 - How shall we gather input from consumers and health & human service providers?
