

Continuous Quality Improvement Efforts for MCAH Populations

Webinar: Continuous Quality Improvement Efforts for MCAH Populations

June 29th, 2017

Presenters:

Geraldine Oliva, MD, MPH - Director of the Family Health Outcomes Project (FHOP) at the University of California, San Francisco (UCSF)

Jennifer Rienks, PhD - Associate Director of the Family Health Outcomes Project (FHOP) at the University of California, San Francisco (UCSF)

Presentation Objectives:

Participants will be able to...

- Understand the definition(s) of quality assurance (QA), quality improvement (QI), continuous quality improvement (CQI) and Program Fidelity Assurance and particular utility of each
- Articulate how QA, QI and CQI relate to and emerge from the CA MCAH planning and evaluation processes.
- Describe 3 models for implementing CQI:
 - Health Resources & Services Administration/Institute of Medicine (HRSA/IOM)
 - Public Health (PH) Accreditation Board
 - HRSA Office of Adolescent Health
- Articulate the benefits and challenges to implementing a CQI program
- Describe some program models utilizing CQI
 - Model for QI for statewide Home visiting program
 - YMCA of Greater Seattle Youth program CQI model
 - Evaluating mental health programs for trauma informed care in Chicago, IL
 - Prenatal Care Model for CQI for Access to Care: Case Study
- Lessons learned from organizations that have achieved improvement in their programs
-
