

Methamphetamine Addiction and Strategies for Getting Women into Treatment

Methamphetamine Addiction and Strategies for Getting Women into Treatment

Thursday, August 1, 2019

Presenters:

Darlene Walker, M.A, LAADC-CA, Program Director

Ms. Walker has been with the agency since 2001 serving in various roles. She has 19 years of experience working with women who have substance use disorder issues. She has taught various classes on addiction, anger management and domestic violence. She provides clinical supervision and administrative support to her team. She has presented at various conferences on addiction and prevention. She is a member of the National Association of Addiction and Drug Counselors and a Life Member of Delta Sigma Theta Sorority, Inc. She is active in the community and a true believer in teaching and helping others make positive life changes.

Emily Ibrahim, BA, CCAPP registered CADC-I, Counselor/Educator

Emily Ibrahim has been a counselor and educator with the organization since 2017. She has progressive experience in community based, profit and nonprofit organizations, with a specialty in mental health awareness and advocacy. She facilitates weekly psychoeducation classes on various life topics, and makes efforts to develop creative and interactive group materials for culturally diverse groups. She is a creative and compassionate counselor, with a proven track.
