

MCAH Planning Cycle

The Planning Guide - Developing an Effective Planning Process: A Guide for Local MCH Programs ^[1]

is a manual created by FHOP to assist local public health agencies in following the steps described below in order to conduct a needs-based, rational planning and resource allocation process. To order a hardcopy click here ^[2].

Step I: Build a Community Coalition ^[3]

Step II: Assess Community Health and Community Resources ^[4]

Step III: Identify Health Problems/ Set Priorities ^[5]

Step IV: Conduct Problem Analysis and Develop Interventions ^[6]

Step V: Develop Objectives and Performance Measures ^[7]

Step VI: Write and Implement a Program Action Plan ^[8]

Step VII: Develop an Evaluation/Performance Monitoring Plan ^[9]
