

# CalWORKs Home Visiting Program Evaluation Peer Problem-Solving Activity and Discussion

CalWORKs HVP Evaluation Kick-Off Meeting  
Sacramento, CA

UCSF & RDA

11/20/19

# Peer-to-Peer Discussion

Two topics to discuss and learn from each other:

- **Topic #1:** How are we going to collect high quality data?
- **Topic #2:** How are we going to successfully recruit participants for the surveys and focus groups?

# Peer-to-Peer Discussion Topic #1

## Collecting Quality Data

- Please discuss:
  - What data do you currently collect data on your HVP program and participants?
  - How are the data collected? How are they shared with CDSS?
  - What challenges have you encountered in the past with collecting data about programs, service uptake and participants?
    - What do you think causes these issues?
  - What strategies have been helpful in making it easier to collect accurate, complete, and timely data?
  - What help do you think your county or organization may need to make it easier to collect and share data?

# Peer Discussion Topic #2

## Recruiting Participants for the Evaluation

- Please discuss:
  - What strategies have you used to get people home visiting participants to participate in surveys, events, activities, or evaluation in the past?
  - What strategies have you used to get people home visiting providers to participate surveys, events, activities, or evaluation in the past?
  - What do you think might make it difficult for providers or HVP participants to complete the survey? To participate in a focus group?
  - What ideas do you have to overcome the potential difficulties?
  - What materials or tools might be useful to help encourage participation?

# Report Back and Group Discussion

Thank you!

We welcome your feedback on this meeting!

Please visit:
