

Dear Key Stakeholder,

The Santa Barbara County Department of Public Health Maternal, Child & Adolescent Health Program would like your opinion on public health problems affecting women of childbearing age, mothers, infants, children, and adolescents in Santa Barbara County. We are conducting a needs assessment to identify important public health problems, their causes, and possible interventions. We invite you to provide your perspective by completing this online questionnaire by February 22nd, 2019. Each local health jurisdiction is required to address the following five goals:

MCAH Goal 1: Improve maternal health and increase access to health care.

MCAH Goal 2: Improve infant health and increase access to health care.

MCAH Goal 3: Improve child health and increase access to health care.

MCAH Goal 4: Improve Children and Youth with Special Health Care Needs (CYSHCN) health and increase access to health care.

MCAH Goal 5: Improve Adolescent health and increase access to health care.

You will find this survey addresses each of these goals. We encourage you to respond to each question, but feel free to skip a section if needed.

We also invite you to participate in a Stakeholders Meeting on:

Wednesday April 3rd, 2019 from 1:30-4:00pm
Santa Ynez Marriott
555 McMurray Road, Buellton, CA 93427

The Stakeholders meeting will feature results from the online questionnaire, epidemiological presentations, and group discussion around key health problems. This information will be incorporated into the five year Maternal, Child & Adolescent Health Needs Assessment and Action Plan. Please RSVP to the Stakeholders Meeting via this survey or by contacting Carmen Lemus at (805) 681-4933.

* 1. Please RSVP to the MCAH Stakeholder Meeting.

Will attend on Wednesday April 3rd from 1:30-4pm.

Will not attend.

* 2. Contact information

3. Please choose from the dropdown below the sector you represent:

4. MCAH Goal 1: Improve maternal health and increase access to health care.

Please choose from the dropdown below the most important topic affecting **women of childbearing age, pregnant, and/or postpartum women**.

5. Please describe the most important issue, within the topic you identified, affecting **women of childbearing age, pregnant, and/or postpartum women**.

(Please identify which population you are describing: women of childbearing age, pregnant, and/or postpartum women. Please also include a specific sub-set of this population if warranted. Example: race/ethnic group, geographic area, socioeconomic status, Medi-Cal eligible, uninsured, undocumented residents.)

6. In Santa Barbara County, what are key causes of the issue you described in question #5?

7. What key strategies or interventions could effectively address the issue you described in question #5?

8. Which stakeholders or community partners could address the issue you described in question #5?

9. MCAH Goal 2: Improve infant health and increase access to health care.

Please choose from the dropdown below the most important topic affecting **infants**.

10. Please describe the most important issue, within the topic you identified, affecting **infants**.

(Please include a specific sub-set of this population if warranted. Example: race/ethnic group, geographic area, socioeconomic status, Medi-Cal eligible, uninsured, undocumented residents.)

11. In Santa Barbara County, what are key causes of the issue you described in question #10?

12. What key strategies or interventions could effectively address the issue you described in question #10?

13. Which stakeholders or community partners could address the issue you described in question #10?

14. MCAH Goal 3: Improve child health and increase access to health care.

Please choose from the dropdown below the most important topic affecting children.

15. Please describe the most important issue, within the topic you identified, affecting children.

(Please include a specific sub-set of this population if warranted. Example: race/ethnic group, geographic area, socioeconomic status, Medi-Cal eligible, uninsured, undocumented residents.)

16. In Santa Barbara County, what are key causes of the issue you described in question #15?

17. What key strategies or interventions could effectively address the issue you described in question #15?

18. Which stakeholders or community partners could address the issue you described in question #15?

19. MCAH Goal 4: Improve **Children and Youth with Special Health Care Needs*** (CYSHCN) health and increase access to health care.

*Children and Youth with Special Health Care Needs are infants and children from birth through 21st year who have or are at increased risk for a chronic condition that also require health and related services of a type or amount beyond that required by children generally.

Please choose from the dropdown below the most important topic affecting CYSHCN.

20. Please describe the most important issue, within the topic you identified, affecting CYSHCN.

(Please include a specific sub-set of this population if warranted. Example: race/ethnic group, geographic area, socioeconomic status, Medi-Cal eligible, uninsured, undocumented residents.)

21. In Santa Barbara County, what are key causes of the issue you described in question #20?

22. What key strategies or interventions could effectively address the issue you described in question #20?

23. Which stakeholders or community partners could address the issue you described in question #20?

24. MCAH Goal 5: Improve Adolescent health and increase access to health care.

Please choose from the dropdown below the most important topic affecting adolescents.

25. Please describe the most important issue, within the topic you identified, affecting adolescents.

(Please include a specific sub-set of this population if warranted. Example: race/ethnic group, geographic area, socioeconomic status, Medi-Cal eligible, uninsured, undocumented residents.)

26. In Santa Barbara County, what are key causes of the issue you described in question #25?

27. What key strategies or interventions could effectively address the issue you described in question #25?

28. Which stakeholders or community partners could address the issue you described in question #25?

29. Thank you very much for participating in our questionnaire. If you have additional comments and/or questions, please input them here.
